continued threat to European energy security should the [NordStream2 pipeline become fully operational](#), and Russia's unmitigated [hybrid aggression upon Ukraine](#).

Through the [Ukrainian National Information Service \(UNIS\)](#), UCCA's Washington, D.C.-based bureau, UCCA has been constantly monitoring the situation in Washington and reaching out to Administration officials and congressional leaders to enhance their support for Ukraine at this critical juncture.

What Strategic Partners Do
The relationship which exists between the United States and Ukraine, as reinforced by the renewed Charter on Strategic Partnership in November 2021, articulates the principles and values which bind democratic states. The overall objective of strategic partners in the pursuit of peaceful coexistence within the norms of international order... Current aggressive actions on Ukraine's border by the Russian Federation exemplify Putin's lawless disregard of the territorial integrity, sovereignty, and independence of a neighboring country, while disregarding its world on the precept of state.

Opinion: Ukraine stood with the West in 2014. Today we must stand with Ukraine.
By Tom Ichniowski and James Shroyer
Ukraine stood with the West in 2014. Today we must stand with Ukraine. Seven years ago, in what Ukrainians call the Revolution of Dignity, the people of Ukraine stood up to their Russian-backed leaders and made a historic decision to turn to the West. Ukrainians chose a free, democratic and independent future. Today, that spirit for freedom is even more pronounced. Recent surveys show strong support among Ukrainians — especially youth — for joining the European Union and NATO.

The Ukrainian American community since 2014 has consistently and rightfully called upon the United States to enact severe ramifications for the Kremlin's invading forces, hybrid warfare and illegal occupation of Crimea and Eastern Ukraine. Measures including:

- enhancing Ukraine's defensive capabilities by speeding up the pace of military supplies being sent to Ukraine and tailoring that weaponry to the threat Ukrainians will face: antiaircraft, antitank and anti-ship systems, along with electronic warfare capabilities. [It is critical that at least some military aid - Stingers, Javelins, drones, and anti-ship missiles - are provided to Ukraine immediately;](#)
- sanctioning of Russian financial, energy, defense, and manufacturing sectors including the removal of Russia from the [SWIFT international financial system](#);
- stopping the [Nord Stream 2 political pipeline](#) by enacting the mandatory sanctions passed overwhelmingly by Congress;
- including Ukraine as an integral part of any peace negotiations: [“There must be no agreements on Ukraine taken without Ukraine”](#);
- supporting Ukraine's sovereignty and territorial integrity and standing against any attempts to force Ukraine to cede control of its territory;
- embracing the [2008 NATO Bucharest Summit](#) promise and ensuring that Ukraine will [become a member](#) of NATO one day

Dear Senator/Representative (name):

As a Ukrainian American constituent in (state/district), I respectfully request your support for increasing aid to Ukraine. Recently, Ukraine and the United States have enhanced their relationship with the signing of a renewed U.S.-Ukraine Charter on Strategic Partnership. Its preamble states emphatically the United States' "unwavering commitment to Ukraine's sovereignty, independence, and territorial integrity within its internationally recognized borders, including Crimea."

political pipeline, to immediately provide increased levels of military assistance to Ukraine, and to integrate Ukraine further into Euro-Atlantic structures by providing membership in NATO. Your support of Ukraine and its strategic importance to the national security interests of the United States would be greatly appreciated.
