22 UCCA-funded
drones prepare
for transport to
Ukraine, via
Poland

[Download UCCA's Drone Mission Report \(PDF\)](#)

Earlier this month, UCCA-funded drones were delivered to Ukraine's frontline defenders. Due to security reasons and the safety of our Ukrainian freedom fighters, we are unable to publicize where and to whom the drones were delivered to on the frontlines. However, UCCA can document what equipment was purchased through the generous contributions of individual donors and pass along the gratitude expressed for this vitally-requested equipment.

UCCA thanks our team and partners who helped make this delivery possible:

And a special thanks goes out to **Bo Bazylevsky & Friends** who purchased and delivered 10 EVO II Pro drones to UCCA for delivery to Ukraine

Unfortunately, our work is far from done. Help us make a direct impact to save Ukraine. Please continue your generous donations.

Let's help Ukraine win this war!
