Rachael Ray returns to Ukraine with UCCA

From [CNN](#) (watch video above): Celebrity chef Rachael Ray is helping deliver aid in Lviv, Ukraine, because she said she felt it was a "moral imperative."

"They're defending democracy. They're defending the free world," she told CNN. "I was possessed with coming here. I thought it was a moral imperative."

Her hope, she told CNN, is to keep the conversation about Ukraine alive.

folks are giving up everything in their lives to defend democracy for all of us. And we can be mindful and donate a little or a lot, our time or just share the work that they are doing," she said.
