UKRAINIAN CONGRESS COMMITTEE OF AMERICA

## #AimingForVictory

As we gather with friends and family in the safety of the holiday season, Ukraine's brave forces continue to defend their friends and family from genocide.

To support their efforts, UCCA delivered four high-end night-vision optical devices to Ukraine's front line troops on Christmas Day, December 25, 2022.

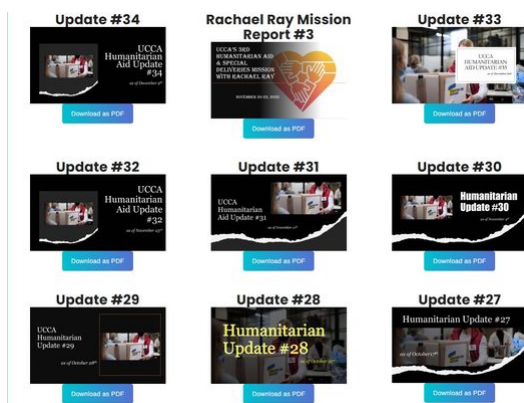

Join us by supporting UCCA's optics campaign that will help lead Ukraine to victory in 2023!

***In December 2022**, UCCA launched a critical. new fundraising campaign, with the goal of providing new tactical optics for Ukraine's Frontline defenders. As with our other wartime campaigns, UCCA has been working with security experts and former U.S. military personnel to source the correct optics equipment and deliver it directly to the Ukraine's heroes – to those defending Ukraine's sovereignty and territorial integrity on the front lines of Democracy.*
