Dear Friends of Ukraine,

📣 CONTACT THE WHITE HOUSE - ALLOW UKRAINE DEEP STRIKE CAPABILITIES IN russia 📣

The genocidal war of russia's aggression against Ukraine continues with yesterday's and today's onslaught of missiles and drones. Once again, innocent Ukrainian civilians are being slaughtered by russian terrorism.

It is urgent to express our opinion as U.S. citizens to the White House! The Ukrainian Congress Committee of America (UCCA) and its Washington, DC public affairs bureau – the Ukrainian National Information Service (UNIS) – urge you to contact the White House and request President Biden to allow Ukraine to strike deeply within russia to eliminate the aggressor's capacity to carry out such terrorist attacks.

Advocacy of this very important matter will prove to be of historical significance.

HOW TO CONTACT THE WHITE HOUSE:

SAMPLE CORRESPONDENCE:

Dear President Biden:

I write to you to express my outrage at russia's most recent barrage of missile attacks on Ukraine that targeted residential buildings, as well as Ukraine's energy infrastructure. As an American, I am clear-eyed about the pervasive threat russia poses not only to Ukraine, but to the trans-Atlantic community of democracies. Ukraine is fulfilling the principles and values of peace and security by repelling russia and its war of aggression.

Mr. President, innocents were killed in Ukraine once again! russian actions are nothing less than terrorist attacks! I plea with you to allow Ukraine to use American and Western armaments for deeper strikes at strategic targets inside russia. The United States' global leadership is deeply needed at this critical juncture to end russia's war of aggression against Ukraine. Your support is greatly appreciated.
