## #StandWithUkraine: Help UCCA Fill the Gap

On 24 April 2025, Russia launched [a massive ballistic missile and drone assault on Kyiv](#), destroying homes, [killing civilians](#), and injuring over 100, including children and a pregnant woman, and damaging critical infrastructure. Among their targets was a humanitarian aid warehouse operated by one of UCCA's trusted in-country partners. The destruction of this facility is not just a loss of supplies — it's a direct blow to the lifeline many Ukrainians depend on.

The [recent elimination](#) of the United States Agency for International Development (USAID) has disrupted most humanitarian and development aid programs in Ukraine. Several humanitarian organizations in Ukraine [have already announced that they have suspended operations](#), including assistance to war veterans and internally displaced people. This

abrupt stop in U.S. funding came as a shock to local communities already exhausted by wartime challenges, and they are scrambling for new sources of funding.

**Donate to #SupportUkraine Today!**

Now, more than ever, our Ukrainian brothers and sisters need our help. UCCA has been confronting the acute humanitarian challenges in Ukraine with direct support since before the full-fledged, genocidal invasion began on 24 February 2022. [Three years later](#), we're proud of what our [#SupportUkraine Fund](#) has achieved.

# People of Steel Screenings

The Ukrainian Congress Committee of America is proud to partner with singer, filmmaker and poet [Serhiy Fomenko](#), who is [touring the U.S.](#) screening his heart-wrenching documentary film that highlights the fighting spirit of Ukrainian soldiers.

“People of Steel / Люди зі Сталі” shows previously unseen footage of how [Mariupol](#) — an industrial strategic port city in the southeast of Ukraine — became the site of one of the bloodiest and most brutal battles of Russia’s genocidal war against Ukraine. Defending the city was the Mariupol garrison, which consisted of soldiers of the National Guard of Ukraine, marine brigades, board guards, police officers, volunteers from the Territorial Defense and paramedics.

Through interviews with these soldiers and footage of the battles, filmmaker Serhiy Fomenko tells their story in a gripping 67-minute film. People of Steel is a story of heroism and self-sacrifice, reflecting the ancient fighting Kozak spirit of Ukrainians.

**So-Called "Peace" Plan Makes the U.S. Complicit in Russia's Final Solution for Ukraine**

During an Oval Office discussion on 24 April 2025 alongside Jonas Gahr Støre, the Prime Minister of Norway, U.S. President Donald Trump described Russia "stopping taking the whole country [of Ukraine]" as a "pretty big concession" towards peace. That single line said it all: this administration is pressuring Ukraine to surrender to achieve a so-called "peace."

Hours before that discussion, Russia had launched a massive ballistic missile and drone assault on Kyiv, destroying homes, killing civilians.

Dear Friends of Ukraine,

**🇷🇺 russia UNLEASHED SAVAGE MISSILE AND DRONE ATTACKS ON KYIV! 🇷🇺**

Another massive attack on Kyiv by the russians cannot go unanswered. russia has been at war against Ukraine for eleven (11) years, but has been waging a hybrid war of disinformation, cyber, economic, and political warfare for decades, if not centuries. russia must not be rewarded for its brutality and genocide against Ukraine. While yesterday was a brutal attack in Kyiv killing many and injuring dozens, today U.S. Administration Special Envoy Steven Witthoff is meeting with putin once again to discuss "peace."

russia's continuing war crimes against Ukraine's civilians demand that all decent people stand up and express our outrage at this most recent russian terrorist atrocity. There can be no peace with russia until Ukraine receives everlasting security guarantees.
