

# UCCA Humanitarian Update #22

*As of September 9th*

UCCA continues to help  
Ukraine “see” by  
purchasing security drones  
and...

and making sure they  
get into the right  
hands.

Expanding its partnership with Operation White Stork, UCCA invests in their Field Medic Backpacks Program.

UCCA contributes to Operation White Stork's project to equip every railcar with Medic Backpacks. Oleksandr Kamyshin, CEO of state-owned Ukrainian Railways receives 150 Field Medic Backpacks from OWS Mission Director, William McNulty.

In preparation of Ukraine's counter-offensive, 50 Field Medic Backpacks were delivered to the frontline units in the south of Ukraine.

UCCA delivers  
water filtration  
system & medical  
supplies,  
including  
tourniquets, to  
Mykolaiv

To enhance viewing,  
Ukrainian freedom fighters  
train with night vision scopes
