Забезпечили генераторами різних типів потужності одну із славетних бригад Десантно-Штурмових Військ Збройних Сил України. Своєю безжальною смертоносною силою у будь-яких наступальних операціях наші десантники завжди навіюють пекельний страх на російських окупантів. Не втомлюємось дякувати [Ukrainian Congress Committee of America](#) за можливість забезпечувати бойові підрозділи, які знаходяться у найзапекліших точках фронту, такими необхідними для них генераторами.

We provided generators of different types of power to one of the glorious brigades of the Airborne Troops of the Armed Forces of Ukraine. With their merciless lethal force in any offensive operations, our attack aircraft always instill hellish fear in the russian invaders. We never get tired of thanking the [Ukrainian Congress Committee of America](#) for the opportunity to provide the combat units, which are in the fiercest points of the front, with the generators they extremely need.

#SupportUkraine

The Ukrainian Congress Committee of America (UCCA.org), continues to do all that it can to provide direct relief in the form of humanitarian & medical aid and non-lethal military assistance to help alleviate the challenges Ukraine continues to face due to the aggressor's unprovoked genocidal war.

This is a critically important time for Ukraine.

As Ukraine methodically launches its counteroffensive, the UCCA hopes it can count on your continued generous support. Ukraine must win against Russia and reestablishes full control over its 1991 internationally recognized borders, for peace and security to return to Europe.

*UCCA earned a 2023 **Platinum Seal of Transparency**, the highest award from the charity rating organization Candid.
