# #SupportUkraine Campaign

For 18 months, the Ukrainian Congress Committee of America (UCCA.org), has been providing direct relief in the form of humanitarian & medical aid and non-lethal military assistance to help alleviate challenges Ukraine continues to face due to the aggressor's unprovoked genocidal war.

UCCA would like to sincerely thank our donors for their contributions over the year and a half and hope we it can count on your continued generous support during this critical time for Ukraine!
