

Humanitarian Update #75

as of November 1, 2023

Update: Water Well Project

The UCCA is pleased to report that our in-country partner *Ukraine Projection and Development Fund* has delivered all 40 pumps and 60 – 1,000liter canisters. Today, 20 of the 40 pumps have been installed in villages across the Kherson oblast, and all 60 canisters are in use. The remaining 20 pumps will be installed in November after new boreholes are drilled and pipes are repaired.

It is estimated that at least **25,000 to 30,000 Ukrainian citizens** including permanent residents, internally displaced people, volunteers and various government employees receive clean drinking water because of this project.

*The project is funded thanks to a generous grant from the
Canada-Ukraine Foundation (CUF)*

UCCA continues investing in drones & drone technology

Consistently delivering
drones to the frontlines to
help save the lives of
Ukraine's defenders.

**UCCA is
proud to

Candid.

UCCA continues to deliver vital humanitarian aid and non-lethal assistance.

We pride ourselves that our aid quickly reaches those in need – nothing is held up in storage and no middlemen – we only work with our trusted and vetted partners.

There are several ways you can continue to support our work:

Always remember, 100% of our contribution is donated directly to assist Ukraine – no monies are used for overhead or administrative costs.
