

#SUPPORTUKRAINE HUMANITARIAN PROGRAM

Dear Friends & Supporters,

As I periodically do, I'd like to share a few highlights of our recent work to help Ukraine under the Ukrainian Congress Committee of America's #SupportUkraine Humanitarian Aid program.

Since my last correspondence in June, the Ukrainian Congress Committee of America (UCCA) has been able to leverage an enormous amount of assistance to help those who need it most.

- **Procuring and delivering an in-kind contribution of over \$2million dollars' worth of medical and surgical supplies. These four 40' containers were delivered to our in-country partner – AICM - who works with 86 hospitals along the frontlines treating wounded civilians and freedom fighters.**

- **Working with a drone expert and UCCA advisor, we were able to acquire and deliver dozens of drones to units in the east and south of Ukraine. These various drones are used for surveillance, securing evacuation routes and keeping the frontlines safe.**

• Purchasing, delivering and installing 40 submersible water pumps and 60 1,000-litre water tanks to several villages in the Kherson Oblast, one of the most underserved areas for humanitarian aid given its proximity to Russian forces. Some of the villages are located just a few hundred meters from the frontlines, but thanks to UCCA and its in-country partner, Ukraine Protection and Development Fund, 25,000 local and internally displaced persons now have access to clean drinking water.

• Purchasing thousands of life-saving medical kits and supplies, including NATO-standard high-quality Individual First Aid Kits (IFAKs), hundreds of chest seals and 'stop the bleed' hemostatic bandages – all tools to stop traumatic bleeding and restore the airway – thus saving lives.

• Securing an in-kind contribution of heated clothes and socks worth tens of thousands of dollars.

Continuing to distribute the in-kind contribution of 12,000 portable generators that provide power to units on the frontlines as well as newly to liberated towns and villages

Your support and partnership in helping UCCA provide much needed humanitarian assistance to the millions of Internally Displaced Persons (IDPs) and essential, non-lethal military aid to our freedom fighters has been indispensable! Every dollar counts – and no amount is too small, as you see, our needs are varied.

Please know that 100% of your financial donations made to UCCA via our Mighty Cause accounts have been used for the acquisition and delivery of goods to where they are needed most - to trusted partners, IDPs/refugees and to those defending Ukraine's sovereignty. UCCA has not taken any money for overhead or administration costs.
