IN TWO YEARS

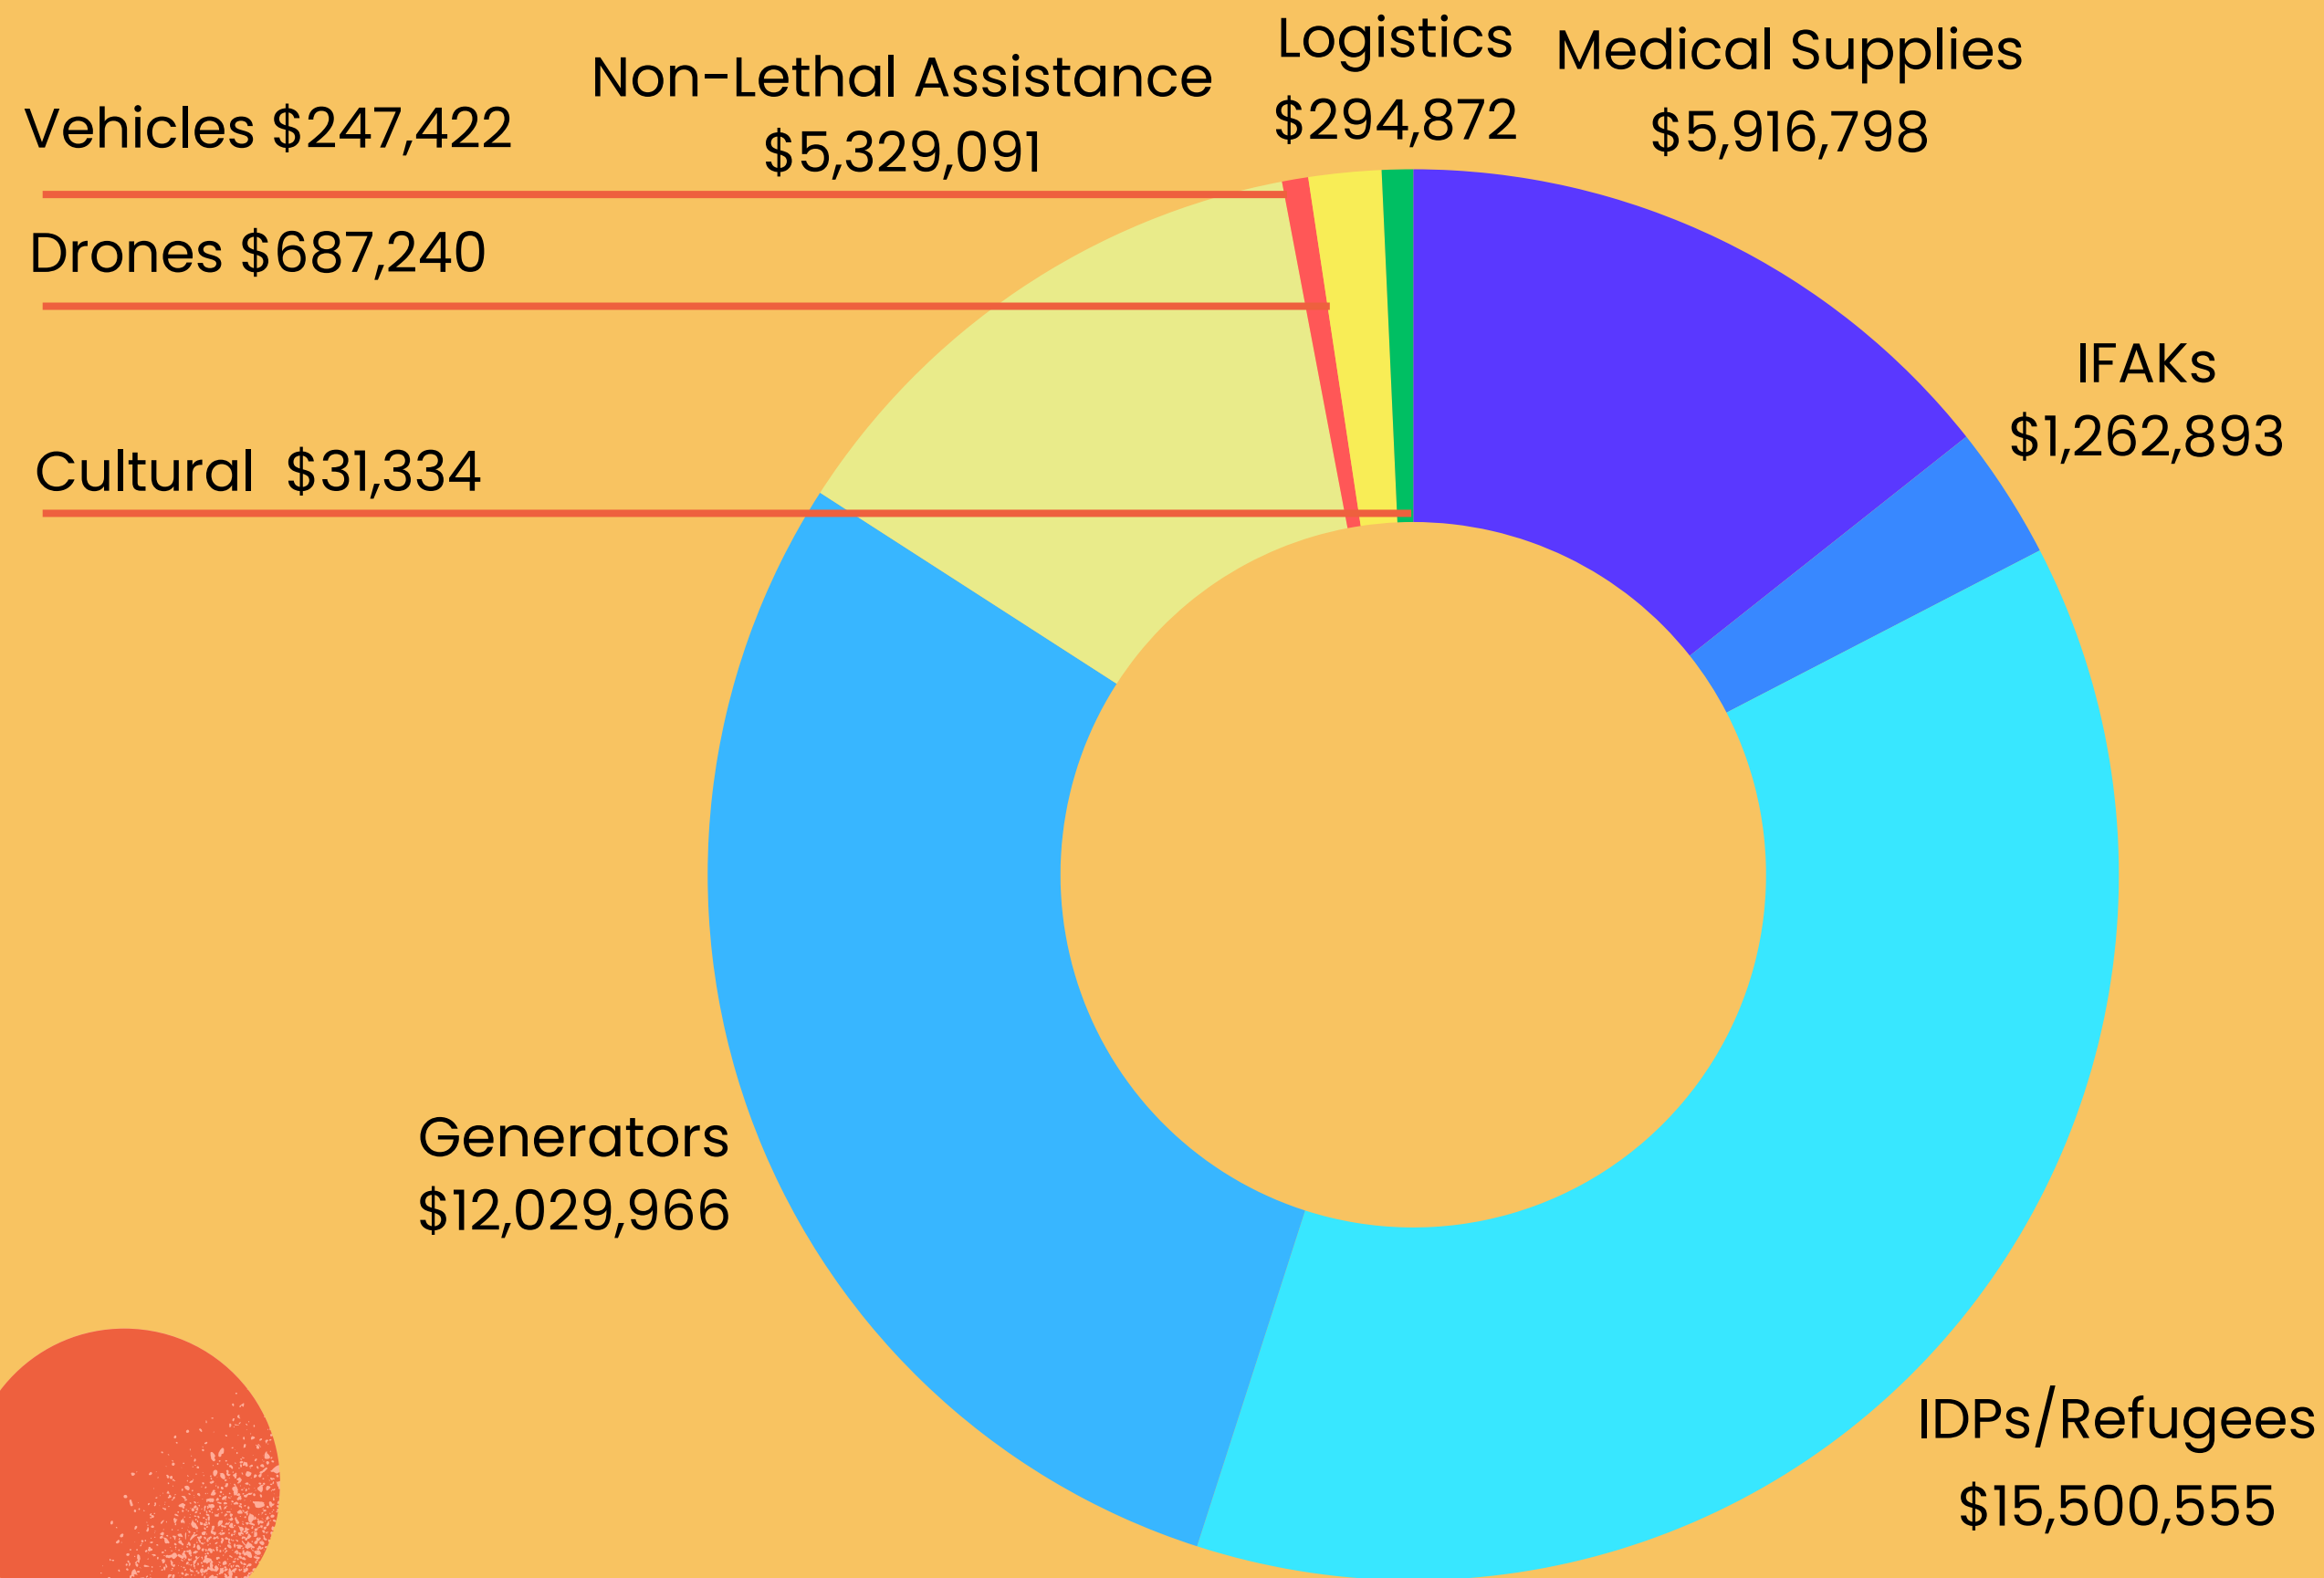

IN THIS REPORT WE WILL BREAK DOWN THE AID UCCA HAS DELIVERED TO SUPPORT UKRAINE.

For to two years now, UCCA has been soliciting, purchasing, delivering, and distributing crucial assistance to Ukraine, providing non-lethal assistance to our freedom defenders, along with direct humanitarian and medical aid to help alleviate the challenges Ukrainians continue to face due to russia's full-scale, genocidal invasion. UCCA has been able to leverage an enormous amount of assistance to help those who need it most. We pride ourselves that UCCA aid quickly reaches those in need – nothing is held up in storage and no middlemen – we only work with our trusted and vetted partners.

TOTAL - 41,394,171

IDPS/REFUGEES

**\$15,5
MIL**

"When I go to Ukraine, when I watch them fight every day I don't feel sadness I feel strength. I don't feel a loss of heart, I feel proud that I went there, and stood with them... I have gone three trips, I'm going back for my fourth. I will go until I'm either dead or until the fight is over. That is my promise to these people." – Rachael Ray

- Provided basic humanitarian aid to IDPs from hard hit regions by delivering over 10 tons of diapers, 12 tons of hygiene products; and **11 – 40' containers** filled with clothes, first aid, linens, blankets, etc.
- Partnered with celebrity cook **Rachael Ray**, a fully stocked kitchen has been established at the St. John Bosco Educational Center in Lviv, which now helps feed orphans from Eastern Ukraine who are being cared for at the adjoining orphanage.
- Purchased, delivered and installed **40 submersible water pumps and 60 1,000-litre water tanks** to several villages in the Kherson Oblast that sit just a few miles away from the frontlines.

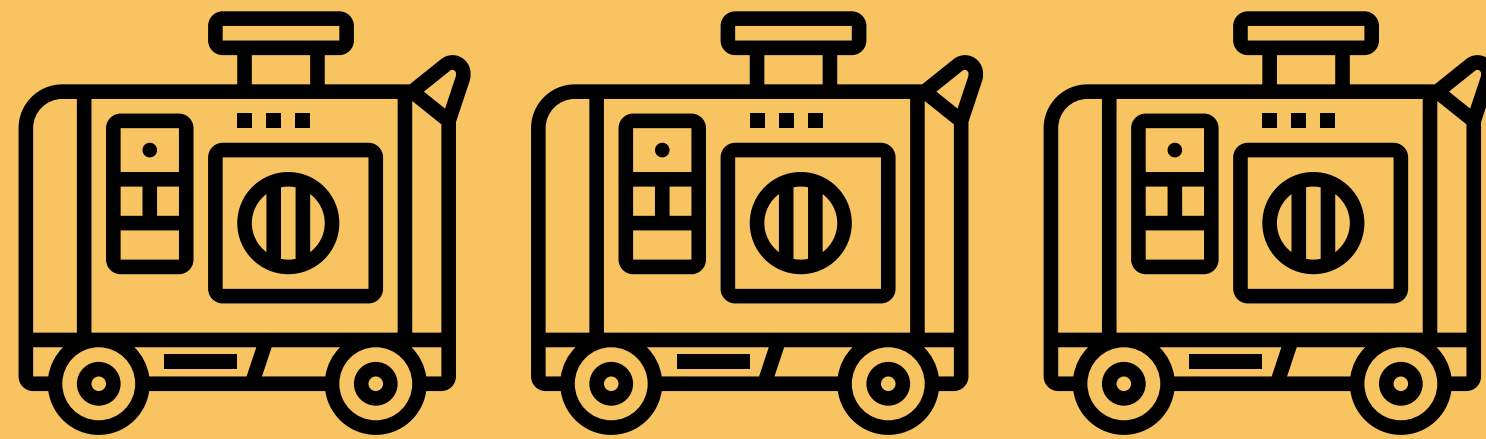

GENERATORS

**\$12
MIL**

"My dear Ukrainians, the war goes on, the enemy never sleeps. The first special brigade of the Ukrainian Armed Forces is a well oiled machine, but a machine that needs energy and fuel. You are the source of that fuel. Thank you UCCA and volunteers for your support and for delivering these generators. Glory to Ukraine!" - Anonymous soldier on the frontlines

- UCCA has delivered **12,000** generators to civilians and members of the military
- Procured the largest donation (anonymous donor) of generators yet- delivering 12,000 portable generators to Ukraine, worth over \$11million

MEDICAL SUPPLIES

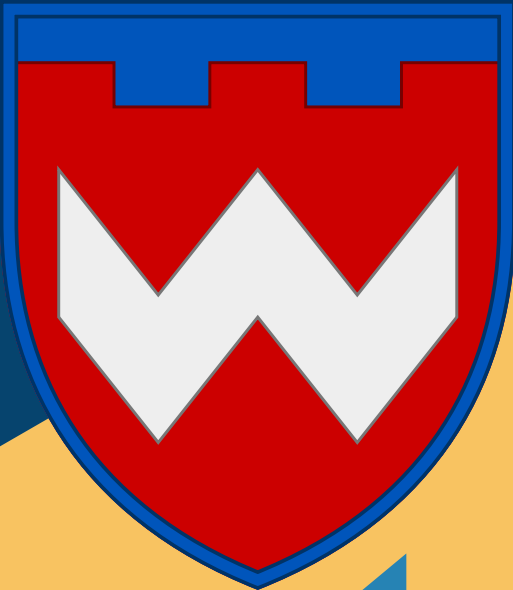

"The help you have given us is considerable, but most of the components have already left our warehouse for hospitals on the front or on the Russian border which are bombed every day. I know that Ukraine no longer mobilizes donors as much, but your containers have made it possible to maintain survival medical aid." – Christian Carrer – AICM

- UCCA partnered with AICM-Ukraine to fully stock **6 warehouses** with medicines and pharmaceutical supplies.
- Secured and coordinated major in-kind donations worth over **\$2.5 million** of medical equipment and supplies from several U.S.-based hospitals
- Procured a contribution of over **\$2 million** dollars' worth of medical and surgical supplies from Globus Relief. These four **40' containers** were delivered to our in-country partner – AICM – who works with **86 hospitals** along the frontlines treating wounded civilians and freedom fighters.

NON-LETHAL AID, VEHICLES, AND WARM WINTER GEAR

"Your support is of immense significance to us. We sincerely hope that through joint efforts, we can persuade policymakers to equip Ukraine with the necessary arms to deter russian forces from advancing at least 500 kilometers deep. This will help cease rocket attacks on cities and save lives. There is still much work ahead, and we cannot succeed without your assistance. We hope for the support of the Ukrainian Congress Committee of America in our collective struggle... With respect," - 126th Separate Territorial Defense Brigade

WE'VE DELIVERED:

5000+ body armor and helmets

20,000 MREs

\$60,000 worth of heated clothes

53,000 pairs of heated socks from Fieldsheer and thousands more from Bombas

\$100,000 worth of optical and comms equipment

\$198,000 worth of LLBean Sleeping bags

\$247,422 worth of vehicles

IFAKS

\$1,3
MIL

"White Stork and UCCA have worked together to deliver over 50,000 vital life-saving IFAKs directly to the frontline. Ukrainian Americans are not turning their backs on their ancestral lands, and neither are the rest of us who call Russia's unprovoked aggression for what it is: genocide," – William McNulty

- Supplied **over ¼ of the entire Armed Forces of Ukraine's IFAKs** – vital life-saving Individual First Aid Kits.
- Purchased thousands of life-saving medical kits and supplies, including NATO-standard high-quality Individual First Aid Kits (IFAKs), hundreds of chest seals and 'stop the bleed' hemostatic bandages – all tools to stop traumatic bleeding and restore the airway – thus saving lives.

DRONES

\$0,7
MIL

"UCCA continues to stand out from the rest of the donor community by focusing on providing vital life saving drones to Ukrainian defenders. I have witnessed firsthand the impact on the ground. These drones have become such an important tool in providing both day and night eyes in the air for Ukrainian forces. UCCA's drone donations are truly saving lives and helping fill a critical technology gap on the battlefield." – Brett Velicovich
– Drone Expert

- Recognizing the importance of drone technology, UCCA was the first to purchase and deliver **half a million dollars' worth of drones** to Ukraine.
- In the last two months, working with a drone expert and UCCA advisor, we were able to acquire and deliver dozens of drones to units in the east and south of Ukraine. These various drones are used for surveillance, securing evacuation routes and keeping the frontlines safe.

CULTURAL

\$30K

"Huge thanks to UCCA and all the donors to this organization for the continued support of Ukraine and Ukrainians in these trying, bloody times of war. In particular I want to thank UCCA for supporting the filming and creating of documentaries about Russian war crimes on occupied Ukraine. Thanks to UCCA, we managed to create 'Mariupol Diaries,' the premiere of which will happen in Spring 2024. Also, thanks to UCCA we managed to buy some filming equipment... Without your help many of the stories from Ukraine wouldn't have been told." – Serhiy Fomenko

WE'VE HELPED FUND:

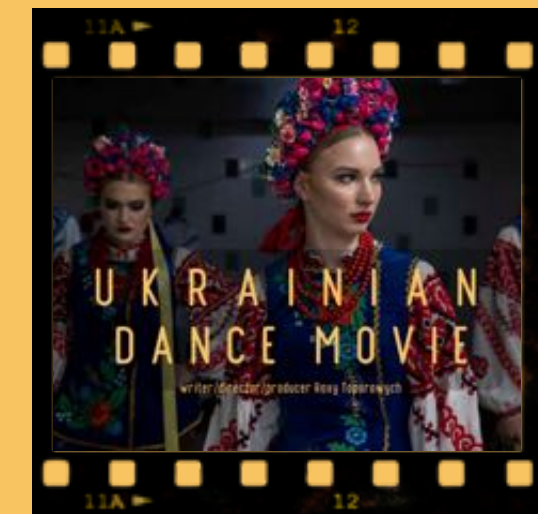

We co-hosted a screening of Sean Penn's movie "Superpower" with its co-director Aaron Kaufman.

We sponsored the theatrical release of Lesya Kalynska's film "A Rising Fury"

We supported Serhiy Fomenko's documentary "Mariupol Diary"

We supported the production of Roxy Toparovich's new film "Ukrainian Dance Movie"

Please know that 100% of #SupportUkraine funds received by UCCA are used for goods that are distributed in Ukraine.
