FIVE MONTHS OF DELIVERING AID

It has been five months since Russia's brutal invasion of Ukraine. The aggressor's genocidal war against Ukraine has created the largest humanitarian crisis Europe has seen since WWII. As of this report, over 6.5 million Ukrainians have fled to the safety of other countries, with an additional 8 million internally displaced within Ukraine's borders.

Since February 24th, when Russia began its unprovoked war against Ukraine, the Ukrainian Congress Committee of America (UCCA.org), the largest umbrella organization representing the interests of nearly 2 million Ukrainian Americans, has been confronting these humanitarian challenges with direct support.

Thanks to your continued donations submitted via UCCA's MightyCause platform, direct bank deposits, mailed-in donations and fundraising events, UCCA has already disbursed over 6 million dollars in humanitarian and tactical assistance (\$3,017,934 in direct aid, and over \$3,000,000 of in-kind contributions) as outlined in the chart below.
