Dear Friends of Ukraine,

REMINDER! ACT NOW!

Since the NordStream2 project is not fully completed, the issue is still active and we must pursue all measures to halt the political pipeline. The Ukrainian National Information Service (UNIS) urges you to contact President Biden and your elected officials (Senators and Representatives) and express your deep concern about the security vacuum which would occur should the NordStream2 project be operational.

Below, please find an Action Item for your convenience. Your communication with the White House and your elected officials will denote the importance and urgency of stopping the NordStream2 political pipeline.

FYI, the text for the two separate sample letters to the President and Congress are offered below for you to copy/paste.

Sample Text to the White House:

Dear President Biden:

It's not too late to stop the "bad deal" NordStream2 political project. Do not embolden Putin. Ukraine's security, and the security of all of Europe, is at stake.

Sample Text to Congress:

Dear (name):

Please support measures to enhance sanctions against the completion of Russia's NordStream2 political project. The security of a Europe 'whole, free, and at peace' is at stake.

Should you have any questions or comments, please contact the Ukrainian National Information Service (UNIS) at: unis.sawkiw@gmail.com.
