Dear Friends of Ukraine,

The U.S. Congress has shown overwhelming bipartisan support for Ukraine since Russia's full-scale invasion of Ukraine in February 2022. Through various supplemental bills in 2022 and other congressional initiatives, the United States has provided billions of dollars of security, humanitarian, and economic assistance to Ukraine.

Of utmost importance is a decisive and complete victory of Ukraine against the evil forces of the Kremlin. The U.S. Senate and U.S. House of Representatives recently introduced a resolution for Ukrainian victory. The resolution includes the following significant findings and affirmations:

- United States interests, European security, and the cause of international peace depend on ensuring continued, robust, and longstanding United States support for Ukraine and all free nations from wars of aggression by Russia [sic] and its proxies, allies, or other autocratic states;
- holds that the peace brought by Ukrainian victory must be secured by integrating Ukraine into the North Atlantic Treaty Organization and other Euroatlantic institutions, as consistent with longstanding United States policy; and
- Declares:
 - A) the Russian Federation [sic] pays reparations to Ukraine;
 - B) the global community helps to rebuild Ukraine;
 - C) the leaders of the Russian Federation [sic] are held accountable for this war of aggression; and
 - D) there is justice for victims of crimes committed by the Russian Federation [sic] during its invasion.
