Ukrainian Days 2023
YOUR VOICE
LOCALLY

This endeavor is critically essential as the community advocates issues of immediate importance for Ukraine including continued defensive and humanitarian assistance. Our presence locally will reflect in a lasting cooperation with congressional offices, especially during this critical time in Ukraine's history!

There has been tremendous bipartisan support for Ukraine since the Kremlin's unprovoked war of aggression was expanded in February 2022. Now, unlike ever before, we must sustain that support and build upon it.

SECURITY ASSISTANCE FOR UKRAINE

It is in America’s national security interest to have Ukraine emerge from this war as a resilient, sovereign, and democratic state in charge of its own foreign policy, militarily strong, with secured borders, and economically viable.

After nearly ten years of war, Ukraine’s defenders will need a continued supply of American and NATO defensive weaponry, as well as economic and humanitarian assistance.

Ukrainian Days 2023
AN OVERVIEW

For 18 months, the world has watched in horror as Russia continues to launch unspeakable horror upon Ukrainian civilians, most recently with rocket attacks on civilian infrastructure. These Kremlin war tactics can be clearly classified as terrorist acts.

Currently, there are four countries listed as state sponsors of terror: Cuba, Syria, Iran, and North Korea. The Secretary of State determines countries that “have repeatedly provided support for acts of international terrorism are designated” under these authorities include restrictions on U.S. foreign assistance; a ban on defense exports and sales; certain controls over exports of dual use items; and miscellaneous financial and other restrictions.

H.R.3979 - To provide for the designation of the Russian Federation as a state sponsor of terrorism

“...The United States has a range of tools available to hold the Russian Federation accountable, reduce its war machine, and isolate it economically and diplomatically, including by designating it as a state sponsor of terrorism and imposing corresponding sanctions.”

H.R.506 & S.416 - Holding Accountable Russian Mercenaries (HARM) Act

"To designate the Russian-based mercenary Wagner Group as a foreign terrorist organization, and for other purposes...The Wagner Group and its affiliated entities have committed, or are credibly accused of committing, terrorist activity through their involvement in: (A) the massacres, rape, and torture of civilians in Bucha, Ukraine, in March 2022."
