

Humanitarian Update #54

as of June 8, 2023

CENTURION
VISION SYSTEM

Thanks to a generous donation from Rachael Ray, UCCA was able to procure* and deliver a vital piece of medical equipment – the Centurion Vision System

**UCCA thanks Marta Lopatynska of UMANA for her assistance*

And within a week of delivery and installation the first operation is conducted using the Centurion Vision System at St. Nicholas Children's Hospital in Lviv

UCCA purchases & delivers cables needed for surveillance equipment

UCCA 10,000+ GENERATORS Project

With the delivery of
close to 12,000
generators to
Ukraine, UCCA
continues to
distribute them to
the frontlines ...

...and this
week to
liberated
towns in the
Sumy
Oblast

Thanks to Fieldsheer's generous donation, jackets that will keep our men and women warm this fall and winter are delivered.

UCCA, together with the Consul General of Ukraine in NY, Co-hosts the global launch of #72HoursforFreedom with the screening of Sean Penn and Aaron Kaufman's film "Superpower"

Platinum
Transparency
2023

Candid.

For over 15 months now, the Ukrainian Congress Committee of America (UCCA.org), has been providing direct relief in the form of humanitarian & medical aid and non-lethal military assistance to help alleviate challenges Ukraine continues to face due to the aggressor's unprovoked genocidal war.

UCCA would like to sincerely thank all of our donors for their contributions and hopes it can count on your continued generous support!

*UCCA earned a 2023 **Platinum Seal of Transparency**, the highest award from the charity rating organization Candid. Formerly known as Guidestar, Candid is the world's largest source of information on nonprofit organizations. Out of all non-profits registered in the United States, only roughly 6% receive the Platinum level of transparency.*
